Annotations

HOMEPAGE SCREEN

1. Search Bar
Once you touch the search bar a pop up list of all the users projects will appear for you to scroll through. You can also type the name of productions or crew results will populate.
2. Settings
Button will take you to your profile's information. There you can make adjustments.
3. Profile Picture
Profile pic of the app user. Easier to search a face vs. a name.
4. Create Production
User can select this button and will have the ability to create their own production along with assign admin. Here you can create your privacy settings for the production
5. Send Request
This button will produce a form for the user to send a request to find users and add them to their network of contacts.
6. Tabs
Each tab selected will take the user to it's assigned features dashboards.

Annotations

SETTINGS SCREEN

1. Profile Picture
Profile picture of user.
2. Incognito
This option gives the user the ability to mask their personal information. So when contacted others users do not have the ability to view.
